

# Dr. Angela Peery Consulting

**school improvement - teacher collaboration - effective instruction - authentic literacy**

## About Dr. Peery....

Drawing upon three decades of work as a teacher, administrator, instructional coach, author, and consultant, Dr. Angela Peery successfully partners with fellow educators to optimize outcomes for all students.

Dr. Peery has worked with scores of schools and districts all over the United States, in addition to Canada and Australia, to improve teaching and learning. Her experience includes working in rural, suburban, and urban environments as well as with high-performing schools and those that are under strict sanctions for low performance.

### Dr. Peery's consulting work is focused in four areas.

#### School Improvement

- Data analysis
- SIP support
- Leadership coaching

#### Teacher Collaboration

- PLC support
- Instructional coach and teacher-leader support
- Common assessments with collaborative scoring

#### Effective Instruction

- Research-based instructional strategies
- Formative assessment practices
- Feedback
- Unit and lesson design

#### Authentic Literacy

- Common Core support
- Reading and writing across the curriculum
- Writing process

## What Others Say...

*As a professional development facilitator, Dr. Peery is incredibly efficient with the use of time and is able to supply abundant examples and anecdotes to support what she is teaching.*

*She also has a great sense of humor, which helps her connect deeply with her audiences. As an administrator who has been highly involved in bringing quality staff development into a school system for many years, I can say that Dr. Angela Peery is definitely in the top 10% of consultants that I've worked with and I value her expertise in the education field.*

Loretta Kelly,  
Director of College & Career Readiness  
Paterson Public Schools, NJ

*Dr. Peery seamlessly customized presentations on unpacking standards, developing formative assessments, analyzing student work, and high-yield instructional strategies. She is the first consultant that I consider for any literacy need. After working with her to develop a writing program, one of our middle schools moved from last of six schools to third in writing achievement scores. Dr. Angela Peery's expertise in her field, ability to relate to her audience, and her intense work ethic is the trifecta for staff development.*

Angela Binkley, Ed. S.,  
Instructional Coach  
Bullitt County Public Schools, KY
